TO THE OLD HIGH SCHOOL.

Standing bravely alone,
Facing the endless days,
Almost forsaken and gone,
Sadly on you I gaze.

Time was when you were new,
Honored and loved by all;
But "the order changeth" you know,
And bravely you've answered the call.

Under the starlit sky,
Silent and grim and old,
Peacefully waiting the answer,
That only time can unfold.

Peace be to you hereafter,
Thou servant of Armijo!
Peace to your dauntless spirit,
Farewell to you, old High School!

JOHN MCCOEY, '15.

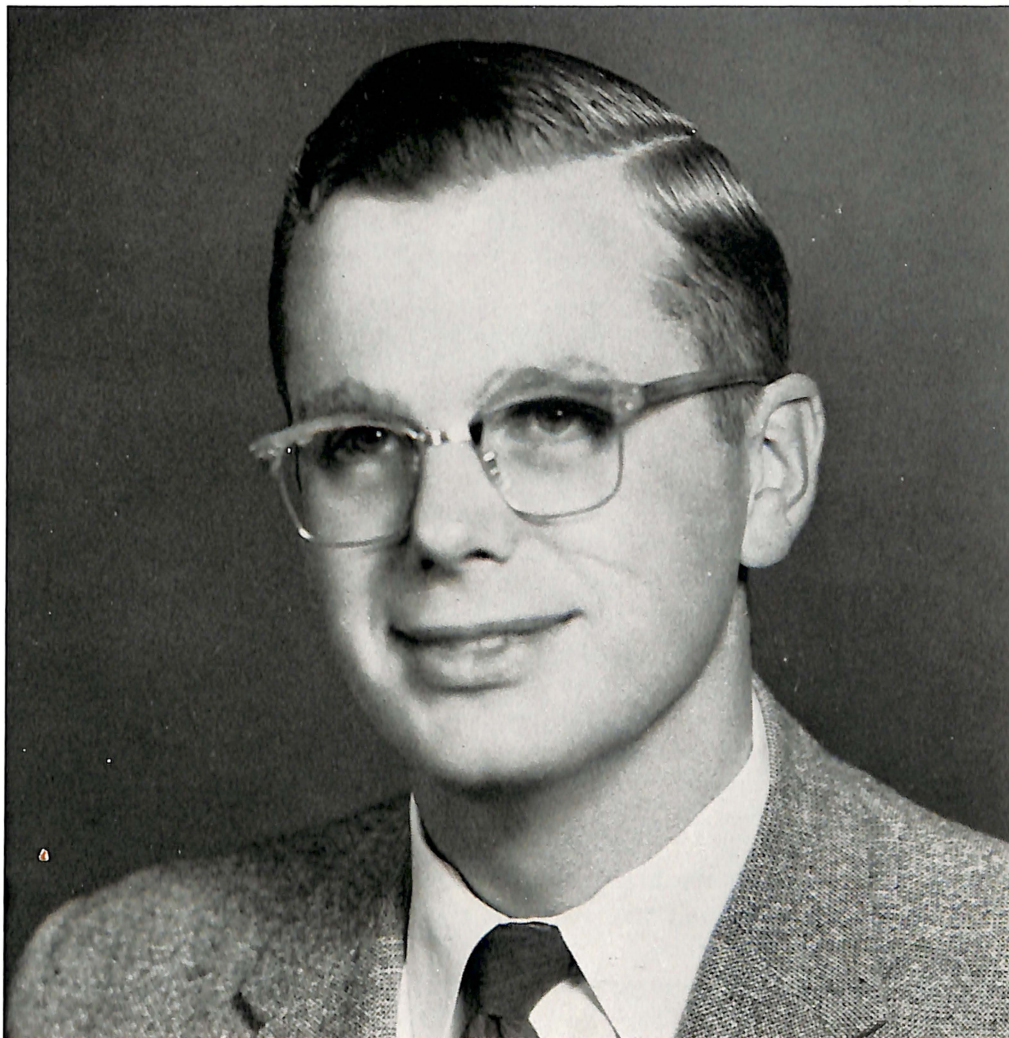

Foreword

Our theme for this year's La Mezcla is history. The book itself is a history, a record, of the events and personalities of the past year; but we have attempted to go further, for we are a part of all we have met.

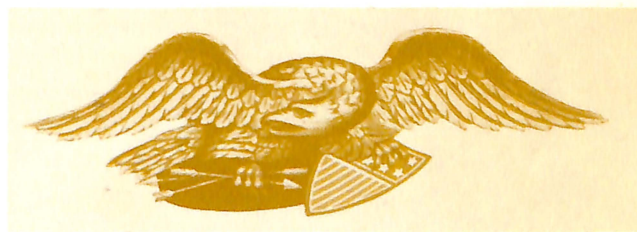

The poem and picture from the 1915 La Mezcla were in memory of the first Armijo High School building. They are intended to remind the class of 1961 that they too, only last year, said farewell to an old, but proud and handsome building.

Each day, each year on campus is part of the history of Armijo High School and a part of the individual history of each graduate. Now and in the future each student helps to build his high school for "History is the essence of innumerable biographies."

Dedication

GEORGE M. ALDRIDGE

He raises delicate camilias and sturdy children; he collects candidates' signatures and old campaign buttons; the American Heritage is both subject and object of his affections; he has a passion for having students memorize the Star Spangled Banner; he is a Civil War buff (enthusiast); in class he attacks textbooks with well-documented vigor; he heads the Social Science Department and directs the Armijo Adult Education classes. Students groan at the high standards he demands; enjoy his dry humor; respect his subject knowledge; die over his homework; and return after graduation to say "Thank you."

Superintendent's Message

Someone has compared the history of man and the world he lives in to a great tapestry whose weavers sit endlessly by, adding and ending threads of many degrees of brilliance and of motley colors.

In this book and on its cover are pictures of buildings which have been and are called Armijo High School. There have been three since the school began in the last century. A new high school, which will have a different name, but will be a part of the Armijo district, is now in the planning stage.

The buildings are a tangible record of the growth of this district and this community, but there is another record, a human one, which is a very real part of our history and our aliveness today.

Three members of our teaching staff are former Armijo graduates; the son of a member of the first Armijo Board of Trustees has made it possible for us to secure desirable property for the second high school in the Armijo district; an active member of the Senior Citizens group in our Night School graduated from the first Armijo at the turn of the century.

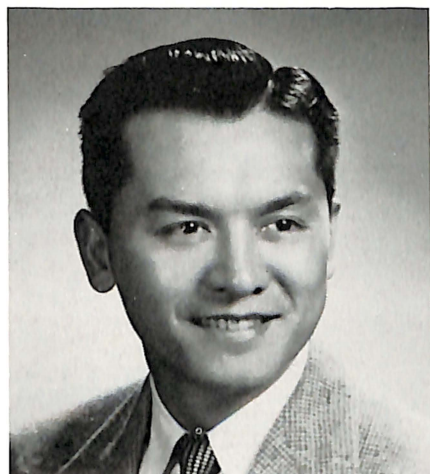

In our community, our state, our country, and throughout the world are persons who are woven into the tapestry of Armijo High School—who have Armijo's purple and gold woven into their own individual tapestries.

Each of you in the graduating class of 1961 is a part of the history of your school. As you leave its doors, you will continue to be making history in your daily life. What kind of history it will be is up to you.

I wish you well.

Constantly studying new ways to improve our school system, the Board of Trustees works with school administrators in reviewing our courses of study, hiring employees, approving expenses, and developing school policies.

The dedication of our new campus on April 27 was a triumph for the Board members pictured above. Since the elections a new group sits down the first Monday of each month to work out the problems of the present and the dreams of the future for Armijo Joint Union High School District.

Senior Class History

In June 1957, the soon-to-be class of '61 was just graduating from elementary schools.

That fall as timid freshmen we pulled together from many schools, and slowly formed our class. The Federation of Malaya pulled together too, and became the newest free nation in the world.

We elected Mickey Alexander as our class president and our Nation's President, Dwight D. Eisenhower, sent army troops to Little Rock, Arkansas to quell mobs and protect school integration at the high school.

Soviet Russia launched the first man made rocket, *Sputnik*, with a dog inside, October 4, close to the date Sondra Martin was voted freshman attendant in Queen Joyce Stephens' court for Armijo's second Homecoming.

We had just finished our first year of high school when Congress welcomed Alaska as our 49th state.

Our sophomore class officers, Tom Kemper, president; Tony Salcido, vice president; and Frances Trammel, secretary, also homecoming attendant, were busily doing their jobs about the time of the tragic Chicago school fire.

Carolyn Lambrecht was elected sophomore attendant to our first *Basket Ball* queen. Not long after our return from Easter vacation in 1959, the Saint Lawrence Seaway opened, allowing ocean ships to go into the Midwest.

Our Junior year started with leaps and bounds. Tom Kemper, Ron Uchi-shiba and Chris Bautista headed the Junior class as our officers. The Russians were leaping, too. They had just successfully hit the moon with a Soviet rocket which made the trip in 35 hours.

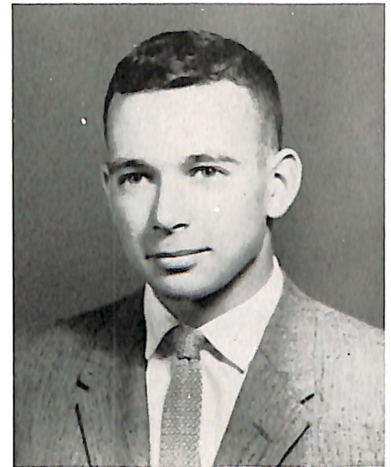

The United States launched its first Polaris Missile on August 27, 1959.

As athletes around the world were preparing for the winter Olympics at Squaw Valley, Armijo was preparing for the traditional Homecoming. Billie Jo Salcido reigned as class attendant.

The United States was awarded third place in the 1960 Olympics. Pat Greenwalt represented the juniors as attendant to our second *Basket Ball* queen, Carolyn Creager.

The summer before our senior year began was filled with the loud cries of Democratic and Republican conventions. Richard Nixon and John F. Kennedy, two young men, ran a long, spirited and tempestuous campaign. A narrow popular margin sent 43 year old Kennedy to the White House in January 1961.

The class of '61 was also making history. In the pages of this book are the records and names of graduates, officers, queens, athletic, and scholastic stars, who will go down in the annals of Armijo. Event piles on event as the class of '61 transforms four years of todays into one big graduation night and all the todays become yesterdays and history.

SPECIAL BULLETIN:

As you are well aware, we are having difficulty with the heating system this morning. Some of our custodial staff and boiler men worked nearly all night on the system. The architect arrived on the scene at 4:00 a.m. this morning, but there is still no clear indication as to whether the heating system will be functioning properly or not. It is possible that we will be able to see some trend by about 9:15. If it appears at that time that the system is still not functioning, there may be a possibility that we would wish to close school for the remainder of the day. Further information will be sent to you concerning this.

Student Government

Upper House

Lower House

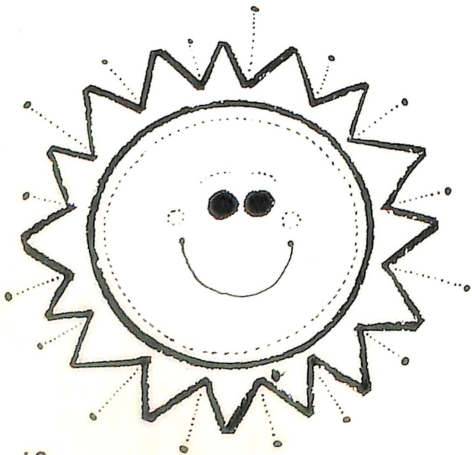

The Armijo student government combines a parliamentary Upper House composed of fall and spring student body officers and the three officers of each class; and a representative Lower House made up of delegates chosen from each Social Science, U. S. History, P.A.D. and English II class.

The Joint Council this year has worked on the CASSA evaluation program, scheduled and granted permission for money making projects by school organizations, discussed matters of school policy brought up by administration and students. It has also sponsored attendance at a Cheerleading clinic, parliamentary procedure workshop, food conference, and other activities for the benefit of the total student body.

Student Social Committee

MEMBERS, Left to Right: Skip Demuth, Jackie Bird, Judy Lee. STANDING: Tom Browning, Richard Searcy. NOT PICTURED: Tom Kemper, Margie Davis.

Members of the Student Social Committee help new students get acquainted with the school campus, and meet other students and teachers. This may well be one of the reasons Armijo is known as "the friendliest school in the Golden Empire League."

Man of the year!

Tom Byrne, Armijo custodian, was the surprised recipient of this year's P.T.S.A. Life Membership award which is given to an individual who is outstanding in service to students of the school. A white corsage and gold pin were given to Tom at the annual Founders' Day meeting in February for his cheerful and willing cooperation and his understanding of dance and rally "student" problems.

Hmmm! Now which key is it? Mrs. Parson and the Keys to the Kingdom.

The word Estudiantina means little students. The club name was deriyed from a group of students in Spain and Italy who could not afford to pay for entertainment. Therefore they began their own group which presented plays, sang folk songs to local citizens, and held parades.

Mr. Bergland started the club for those students interested in speech and dramatic activities.

Members are required to support at least one club project a semester. This is done by helping with club activities, trying out for school plays, or entering local speech contests.

The band participated in the annual Spring Concert, which was held April 14.

Armijo's three trim majorettes, Sharon Smith, Hollye Perrigoy, and Sandra Wright, twirled through many eye-catching routines following marching cadence and Latin rhythms.

The girls designed their own costumes, in purple velvet with gold braid trim, to add a new look for '60-'61.

Sharon swings down the street ahead of the band as the homecoming parade begins.

Major Collier, Lt. Col. William Trumbull, Maj. William Hansen, Maj. Anthony Salcido, Sgt. Maj. Gary Sumner.

This is the fifth year of the Armijo Cadet Corps. The 35th Battalion was started when Major Collier, then a Captain, came to Armijo in 1956. Since that time the 35th has grown and prospered under almost total student supervision. The men in the corps receive rank, like the regular army, according to their ability and knowledge.

The duties of the cadets range from M.P. duty at indoor and outdoor sports events, spirit rallies, and cafetorium lunch duty.

Their activities include Queen Anne rifle drill, color guard, rifle team, and an annual bivouac in the surrounding mountains.

The Girls' Athletic Society is one of Armijo's most active clubs. The club goal is to promote sportsmanship and to develop athletic skills. Membership is open to girls from every class.

This year the girls participated in volleyball, hockey, tennis, basketball, softball, and badminton. They receive 100 points for being on a team, 20 for officiating, and 50 for being a captain.

Awards are given for the various plateaus of points achieved. A total of 600 points means a girl is eligible for membership and may receive her numerals. As the points and awards of progress, members receive, in order: small block, large block, gold pin, stripes 1, 2, 3. A total of 2500 points wins the final award, the fourth stripe.

The honor award of "most outstanding G.A.S. member" is given each year to a senior girl. All seniors who have been continuously active in G.A.S. receive "Kampus Kates."

In the Gym

G.A.S. members learn athletic skills in gym classes.

Gymnastics and tumbling help to tone muscles, increase body coordination, and balance, and develop a sense of humor. Many upsets and unplanned tumbles go into perfecting a routine.

Mascot

Our school mascot, Indy Ann, romped down the football field, skipped across the basketball court, stole scalps and trophies, but also promoted good will with our opponents while she roused our own school spirit. Pictured here in one of her chief's costumes, Indy Ann also wore a purple squaw dress, or a warrior outfit with a large paper maché Indian head.

The team had a slow start with many injuries at the beginning of the year. We lost three practice games and two League games before meeting La Sierra who had never lost a game to us. Our first victory, 26 to 13, was a second-half comeback which carried us through the rest of the season to tie for third place in the G.E.L.

A 12 to 14 score in favor of Encina well along in the season was the only blemish on a top JV team record this year.

In nine games only three teams managed to score through their almost impenetrable defense. The offense accumulated 220 points for Armijo as against 27 by their opponents.

JV Quarterback Bob Fortney was named Back of the Year by the Armijo Sportsman's Club; Mike Pierson received honors as Linesman of the Year. Credit for an outstanding season goes to team, managers, and two fine coaches, Mr. Kiefer and Mr. Beggs.
